## *Experience*

- **UX/UI Designer, The Onion; Chicago, IL — 2013–2016**

Conducted user research and analysis to create visual interface designs for Onion, Inc. properties including The Onion, The A.V. Club, and ClickHole. Also designed and developed several special features for The Onion and The A.V. Club.

- **Technology Teacher, Erie Elementary Charter School; Chicago, IL — 2015-2016**

Taught classes to 4th, 5th, and 6th graders about computers—how to use them, basic coding principles, design skills, and internet use.

- **UX Architect, LimeRed Studio; Chicago, IL — 2010–2013**

Designed and developed responsive websites and print brochures for various small business, nonprofit, and university clients including Northwestern University, University of Illinois at Chicago, Illinois Science and Technology Coalition, and Heartland Alliance.

- **Designer/Web Developer, Freelance; Hartford, CT and Chicago, IL 2005–2016**

Designed and developed print and web materials for various clients. Presented relevant solutions to clients' design needs. Collaborated with other designers and developers.

- **Print/Web Designer, Design Center; Storrs, CT Aug 2008–May 2009**

Created print, website, and identity designs for university departments and local clients.

- **Web Designer/Developer, UITS Web Dev Lab; Storrs, CT — Apr 2008–May 2009**

Designed and built websites for various university organizations and groups.

- **Print/Motion Designer, Jorgensen Center for the Performing Arts; Storrs, CT — 2007**

Created brochures, illustrations, and motion graphics for various shows and performances.

- **3D/Motion Designer, Beads East; Manchester, CT — 2005–2007**

Designed 3D graphics and animations for patterns and video tutorials, video editing and brochure design.
